The Vision Statement focuses on the future; it is a source of inspiration and motivation. It often describes an organization’s direction. It is aspirational.

**RCC Vision Statement:**
Riverside City College will expand on its tradition as a premier community college recognized for excellence in education, innovation, and service.

The Mission Statement describes what an organization currently does; it concentrates on the present. It often defines the population served and current activities.

**RCC Mission Statement:**
Riverside City College provides a high-quality affordable education and engages with a diverse community of learners by offering pre-college, transferable, and career-technical courses leading to locally-approved and state-approved certificates, associate degrees, associate degrees for transfer, and transfer. Based on a learner-centered philosophy, the College fosters critical thinking; develops information competency and technological literacy; expands communication skills; and promotes self-development and global awareness. To encourage student success, the College provides comprehensive learning and student support services; co-curricular activities; and community and Arts programs. RCC supports and empowers students as they work toward individual achievement, intellectual curiosity, and life-long learning.

The **Difference** between vision and mission

- **Vision Statement** focuses on the future; it is a source of inspiration and motivation. It often describes an organization’s direction. It is aspirational.
- **Mission Statement** describes what an organization currently does; it concentrates on the present. It often defines the population served and current activities.
Statements on the boards around the room were developed at the winter strategic planning retreat.

Our task is to refine the statements for both the Vision and Mission of the Academic Engagement Centers.

Place a **BLUE** Dot next to a statement that should be eliminated

Place an **ORANGE** dot next to a statement that you really like

Compilation of results will be forwarded to ISS Committee for completion
